

Dear Tiger Football Family,

I have accepted the Head Football Position at Green River High School. Football has been a key part of my life for as long as I can remember. Growing up with a father who was the Head Football Coach at Rock Springs High School I was able to sit back and admire the time and commitment it took to run a successful program. The thought of coming back to Rock Springs and coaching the same team I once saw my father coach was always a dream of mine. In the spring of 2019 Coach Lenhardt gave that dream a pulse. When Coach Lenhardt hired me to be an assistant I knew I was getting an opportunity to learn and shadow from one of the best. What I didn't know was that he was preparing me everyday to be a head coach. The standard he holds assistants to is something I will always be thankful for. Our friendship means the world to me and I would not be where I am today without that great man. He gave me the opportunity to coach with my father and it is something I will forever be grateful for.

Tom Jassman also took a chance on a young kid trying to get his foot in the door as a coach. It's hard for me to put into words what Mr. Jassman means to me but I will always be grateful for the opportunities Tom gave me. Mr. Jassman is one of the most hard working individuals I have ever met. He trusted me to work with the student athletes at Rock Springs High School and I will always be thankful for the time I had with Tom.

To the assistant coaches that I was able to work alongside with. Thank you for helping me grow as a coach, but mostly, thank you for the memories and the laughs we all shared turning this program around. The time away from our families is hard enough during the season, but being around the staff makes it a little easier. Rock Springs High School is in good hands with these men involved with the program. As one of the lowest staffed teams in 4A football we always found a way to make it happen.

To the players I was fortunate enough to coach the last four years. Thank you. Without your hard work and dedication to success the opportunity to become a head coach would not have happened. Ultimately I coach to serve young adults and help them find their way through this crazy life. What many of you don't know is that you have impacted my life in such a positive way that I can never thank you enough. I will always be here for each and everyone of you. Parents you should be proud of the kids you have raised!

Green River High School, what an honor and privilege it is to be your Head Football Coach. The resources that Sweetwater County School District #2 offers along with the administration and support of the admin really makes this place special. Being able to work in the same district as my wife, Jordan, is something I will always be grateful for. As a graduate of Green River High School I know and understand the tradition and pride the community of Green River has. The ultimate goal is to make sure that anyone involved with the program becomes better husbands, fathers, and employees. Along with making them better people we are also going to compete day in and day out to put a product on the field the community of Green River can be proud of. Football is a tough sport, not only physically but also mentally. It won't be easy but it will be worth it. I look forward to meeting everyone and getting to work immediately.

"Earn your spot at the table"

GO WOLVES

Coach Blaine Christensen
